Human Systems Constellations Training Programme

EAPTI-GPTIM, Malta | January 2027 – December 2028

The programme begins on 8 January 2027 with a three-day opening weekend in Malta. It runs over three semesters and includes 38 workshop days, comprising 19 days of teaching and 19 days of supervision. The programme combines theory, experiential learning and the practical application of constellations. Participants also prepare for examinations and complete a final case study, which they present and defend.

Language and Attendance

The programme is intended for English-speaking participants. Cecilio Fernández Regojo and Dr Bertold Ulsamer teach their workshops in English and in person. Participants are encouraged to attend the face-to-face workshops led by Dr Lidija Pecotić, Prof. Dr Emilija Stoimenova Canevska and their guests in person.

Teaching Faculty

Cecilio Fernández Regojo

Cecilio Fernández Regojo is an international trainer in organisational constellations. He has worked in more than 30 countries, mainly in Europe and Latin America. He has designed and led professional training and university postgraduate programmes and regularly speaks and facilitates at international conferences. He has extensive experience in business and systems consulting. He is a certified Master Trainer with the international forum INFOSYON and a specialist in systemic management methodology. He holds a degree in industrial engineering and completed postgraduate training in business management. He works in Spanish, Portuguese, English and French.

Dr Bertold Ulsamer

Dr Bertold Ulsamer studied law and psychology. He began working as a psychologist with individuals before focusing primarily on group work. He co-founded an institute for neuro-linguistic programming and management and developed programmes in leadership, self-management and communication for organisations including BMW, Siemens and Lufthansa. He has worked with family constellations since the 1990s and has led seminars and training worldwide, including in Australia, India, South Africa, Russia, China and the United States. His work draws on his experience as a psychologist, coach, therapist and constellations practitioner. He has written more than 20 books on professional communication, self-management, family constellations and personal development, many of which have been translated into several languages.

Dr Lidija Pecotić

Dr Lidija Pecotić is an international trainer in Gestalt psychotherapy and Human Systems Constellations, a supervisor and a psychotherapist. She earned a master's degree in clinical psychology at the University of Belgrade, where she also completed her doctoral studies in the same field. She is the founder and director of EAPTI-GPTIM in Malta and EAPTI SEB in Belgrade. She has co-founded several Gestalt psychotherapy training institutes and professional psychotherapy associations. She is President of the EGN network and edits two Gestalt psychotherapy journals published in Malta and Serbia.

Prof. Dr Emilija Stoimenova Canevska

Prof. Dr Emilija Stoimenova Canevska is a licensed health psychologist, Gestalt psychotherapist, supervisor, trainer, organisational coach and consultant. She is the founder, director and lead trainer of EAPTI Gestalt Institute Skopje and co-founder of Gestalt in Organizations. Her work includes systemic mapping and constellations, relational Gestalt therapy, supervision, organisational development and the Whole Intelligence approach.

Supervision

The third semester, from October 2027 to March 2028, includes nine supervision workshops totalling 19 days. Eight workshops run over two days and one runs over three days. Dr Lidija Pecotić and Prof. Dr Emilija Stoimenova Canevska lead the supervision with their guests. Sessions are planned to take place in person. Dates and attendance arrangements will be confirmed.

Examinations and Final Case Study

The table shows the proposed examination periods. Individual dates may be arranged according to participants' progress and availability. Exact dates and times will be announced later.

Examination	Suggested period
1. Theory and methodology	18–31 January 2027
2. Diagnostics	15–26 February 2027
3. Interventions	21 June – 4 July 2027
4. Applying constellations with different populations	5–18 July 2027
5. Supervision	April 2028, after the supervision workshops
Final examination – presentation and defence of the case study	June 2028

Participants prepare their final case study under supervision. The deadline for submission and defence is 31 December 2028.

Attendance and Award

Regular attendance and active participation are required throughout the programme. Participants keep a record of their attendance and make up missed hours in line with the programme rules and the terms they sign at the start of training.

EAPTI-GPTIM issues the award once participants have completed all required teaching and supervision hours, passed the examinations, successfully defended their final case study and met all academic, administrative and financial requirements.

Enrolment and Participation

To enrol in the programme beginning on 8 January 2027, please email your completed application form to lidijaspecotic@gmail.com by 21 December 2026. Submitting the form confirms your intention to attend.

Malta application form

The €100 non-refundable deposit is due by 8 January 2027, the first day of the programme, and counts towards the total tuition fee. Participants may contact EAPTI-GPTIM to request alternative payment arrangements.

The workshops are primarily for participants enrolled in the full programme. Postgraduate students from EAPTI-GPTIM Malta and other EGN institutes may attend selected workshops. Participating institutes include EAPTI SEB Belgrade, GIS, Psihointegrum, Psihika and PGUM.

Master's and diploma students attending individual workshops participate as guests. Participants enrolled in the full programme form the regular training group and have priority in experiential exercises, demonstrations and other activities. Everyone agrees to this condition when registering for the full programme or an individual workshop.

Guest participants may register for individual workshop days and pay through their home EGN institute. They receive a certificate of attendance stating the workshop title and the number of hours attended.

Assessments, the final examination and the award are available to participants enrolled in the full programme only. The terms participants sign at the start of training govern participation, payment and cancellation.

Fees and Payment

The €100 non-refundable deposit counts towards the total fee under each payment option. If you pay in full by 31 January 2027, the total fee is €4,860 and the balance after the deposit is €4,760. The fee covers teaching workshops, supervision, mentoring for the final case study and all examinations, including the final defence.

The three-instalment plan totals €5,410, including the deposit. The remaining €5,310 is payable as shown below.

Instalment	Amount	Payment deadline
First	€1,770	31 January 2027
Second	€1,770	30 September 2027
Third	€1,770	31 January 2028

If you need an alternative payment schedule, please contact us to discuss it. One option is five instalments of €1,080, each due on the last day of the month, in January, April, July and October 2027 and January 2028. This option totals €5,500, including the deposit. For questions about the programme, applications or payment, email lidijaspecotic@gmail.com.

All payments must be made to the EAPTI-GPTIM bank account.
